By participating in this event, competitors automatically authorise the organising authority and the event's sponsors to use and display, at any time, moving or static photos, films or television recordings, and other reproductions of them during the competition period of the "Défi Atlantique" in which the competitor is participating and to use their image without compensation for any material relating to the said event.

8/ RESPONSIBILITIES OF THE ORGANISER, ITS PARTNERS AND THE PARTICIPANTS

8.1 - The responsibility of the Organising Authority and its partners is limited to ensuring the sporting regularity of the event.

Any other liability that may be accepted by the Organising Authority can only be contractual and explicit.

In particular:

. The checks that the Race Committee and the Technical Committee - either on their own initiative or at the request of the Jury or any other body - may be required to carry out is designed solely to ensure that the rules, the Sailing Instructions and their amendments have been complied with.

. Any observations that the Organising Authority may make must be considered by the competitors as discretionary and random and in no way an additional security on which they can rely.

. Any request made to a member of the organising authority cannot incur the Organising Authority's civil responsibility unless civil responsibility has been accepted either by itself or by one of its official accreditations to that effect. In particular, this is the case for various requests for assistance and even assistance at sea.

8.2 - Regardless of the legal relationship between the owner(s) of the vessel, the ship-owner and the ship's captain, only the skipper officially indicated on the entry form is the responsible contact person for the Organising Authority.

8.3 - Competitors participate in the race at their own risk and responsibility for all purposes. It is up to each competitor, according to his or her knowledge, the equipment at his or her disposal, the strength of the wind, the weather forecast, etc., to decide whether or not to start, stop or continue the race.

Any information that any member of the organisation may provide before or during the race, such as a gale warning, is one element among others on which the skipper may base his or her decision without this incurring the responsibility of the Organising Authority or its partners.

8.4 - The ship-owners or skippers are each personally responsible for all material and human accidents which their crew members and the boats may suffer, or which they may cause to a third party or any property belonging to a third party. It is their responsibility to take out the necessary insurance to cover these risks and liabilities. In particular, each skipper is responsible to the Organising Authority for taking out all the necessary insurance to cover civil liability for a minimum amount at least equal to the international conventions in force. He/she must provide written proof of this to the Race Committee by Thursday 30 March 2023 at the very latest. The absence of third-party insurance does not entail the liability of the Organising Authority or its partners.

8.5 - As an essential condition for participation, the ship-owner and its insurers must file with the Organising Authority the signed waiver of all claims against the Organising Authority, its agents and insurers - as laid out in the appendix.

8.6 - A competitor may not require the organising authority to mount a rescue operation from land. Rescue and assistance at sea are governed by the international conventions in force.

8.7 - Competitors are reminded that the RRS fundamental rule 1.1 requires every boat to provide all possible assistance to any other boat or person in danger, when it is in a position to do so.

9/ TIME LIMITS

9.1/a - Boats may leave the race at any place and at any time after notifying the race direction. However, a boat may only use its engine when it is less than 1.5 miles from a port, after notifying the race director, and it must not advance towards the finish line of the leg. A boat that has not crossed the finish line before the time limit will be ranked as D.N.F. (amendment to RRS 35, A4 and A5).

The time limit for all competitors is 96 hours after the arrival of the first competitor. It may be necessary to add the time bonus that the Jury may grant a boat to this limit.

10. PENALTIES

10.1. - For an infringement of the rules of Chapter 2, rule 44.1 is amended so that the two-turns penalty is replaced by the one-turn penalty.

10.2. - Replacement penalties for infringement of rules other than those in chapter 2:
After investigation, an infringement of the rules may be penalised by a time penalty up to and including disqualification.

11.3 - The winner will be declared as the boat with the shortest total time. In the event of a tie, the time taken for the 2nd leg will decide between the competitors.

11.4 - An additional ranking will be established by extraction from the general ranking for boats defined by Class40 as vintage

12/ COMMUNICATION

This transmitter will be provided by the Organising Authority and will be attached to the back of the boat before the start in Pointe-à-Pitre. Each skipper will be asked to pay a deposit by cheque of €900 (nine hundred euros). This cheque will not be cashed and will be returned to the skipper when the transmitter is returned in La Rochelle after the race finish.
